OUR PRINCIPLES

Safe, Secure Communities

We advocate for increased funding for police departments, comprehensive training, and community policing initiatives to create safer neighborhoods. We support the Second Amendment rights of law-abiding citizens.

Education

We are committed to reforming education so every family has access to high-quality schools, school choice, and local control — a curriculum that prepares students for the workforce, emphasizes STEM, and upholds traditional values.

Environment

We emphasize conservation and responsible resource management. We support clean technologies without excessive regulations that hinder the growth of oil, natural gas, nuclear, and other renewable energies.

Economy

We support free-market capitalism, lower taxes, reduced regulation, tax cuts for individuals and businesses, and entrepreneurship. Trade policy should protect American jobs and keep the United States competitive.

Quality of Life

We advocate individual liberty and personal responsibility, market-based healthcare, family values, and religious freedom. Limited government empowers people and communities to thrive.

OUR VALUES

Constitution

The Constitution is the supreme law of the land. The rights, principles, and privileges in it must be sacred and protected by every elected official.

Individual Freedom

Good government rests on the individual. Each person's ability, dignity, freedom, and responsibility comes from God and must be honored.

Fiscal Responsibility

Sound money management is the objective. Efficiency is paramount, and alternatives to tax increases should always be sought.

Limited Government — Home Rule

The most effective government is limited and closest to the people. It should do only what individuals cannot do, or cannot do as well, themselves.

Free Enterprise

Capitalism and free enterprise, and the encouragement of individual initiative, have given this nation an economic system second to none.

Equality

Equal rights, equal justice, and equal opportunity for all, regardless of race, creed, age, sex, or national origin. Equality of opportunity is an American value.
